Summary

As a frontend developer with over 2 years of experience, I have had the pleasure of working on exciting projects that showcase my passion for technology and innovation.

I'm a frontend engineer with expertise in React, Firebase, Tailwind, Next.js, CSS, HTML, JavaScript, TypeScript, GraphQl and Tailwind

My mission is to create seamless web experiences through clean, efficient code. With an interest for simplifying complex concepts

Eager to collaborate on innovative web projects and contribute my skills to your team. Let's connect and make a difference in the digital world!

Experience

Frontend Developer
coinratecap

Jul 2023 - Oct 2023 (4 months)

As a Frontend Engineer at CoinRateCap, I played a pivotal role in crafting user-centric and data-driven web applications for the cryptocurrency industry. Leveraging my skills in React, Firebase, Tailwind, Next.js, and TypeScript, I contributed to enhancing the user experience while ensuring the platform remained dynamic and responsive.

-Developed and maintained front-end components using React, resulting in a more intuitive and engaging user interface for tracking cryptocurrency prices and market data.

-

Frontend Developer
Gamsole

Jan 2023 - Jul 2023 (7 months)

During my time as a Frontend Engineer at Gamsole, I had the privilege of contributing to the development of captivating and user-friendly web games. In this role, I used my skills in React, Firebase, NextJs, Tailwind, CSS, and Typescript to create immersive gaming experiences and foster user engagement.

-Leveraged CSS and Tailwind to style the website, providing a visually appealing look and feel.

Frontend Engineer
Venndo Marketplace

Feb 2023 - Apr 2023 (3 months)

As a Frontend Engineer at Venndo Marketplace, I had the privilege of contributing to the development of a dynamic online marketplace. In this role, I applied my expertise in React, Tailwind and JavaScript to create a seamless and user-centric platform for buyers and sellers.

-Implemented JavaScript to enhance the user interactivity, including features like product filtering and search functionality.

-Employed Tailwind CSS to create responsive and aesthetically pleasing layouts, ensuring that the marketplace was accessible on various devices and screen sizes.

Frontend Developer
HNG Internship
Oct 2022 - Dec 2022 (3 months)
